

**Video Imaging Papers,  
Ultrasound Gel & ECG Specialists**

## **TechMed Charts is aware that in the veterinary industry quality is of the utmost importance**

TechMed Charts are specialist suppliers of Ultrasound Gels, Sony Print media and ECG monitoring charts for use in procedures undertaken within your clinics.

*The products we supply are extensively used in the NHS, private hospitals, clinics and University Veterinary Schools, giving you the assurance of its quality.*

At TechMed Charts we pride ourselves on our competitive prices, along with an unrivalled customer service ethos which we believe is paramount in veterinary care. We would welcome the opportunity to become your preferred supplier of Gels, Video Imaging Papers and ECG consumables.

Increasingly, we are noticing that veterinary practices find it convenient to source all these products from one single specialist supplier. This is not only due to the reduced cost, but also because they know that, as experts, we will recommend the right product to suit your needs.
